WHY SMART TRIM

- **Stays straight**
  Won't bow, twist or warp from sun, heat or moisture like timber.
- **Crisp, clean lines**
  No knots, splits or sanding. Every length is dead straight.
- **11 widths**
  25mm to 200mm for windows, doors, bulkheads and deep reveals.
- **No rot or termites**
  Aluminium will not swell, rot or get eaten. Ideal for wet areas.
- **Fast to install**
  Cut, fix and set. No packing out warped timber reveals.
- **Matches the system**
  Pairs with Euro Jamb and Euro Cav for a square-set finish.
